All Quiet on the Western Front A Novel Amazon de Erich

A very good read. The amount of details in which the book is written puts you right on the Western Front in WWI. Some of the scenes are indeed gory but those details reveal just how brutal, and often unnecessary, war is. Highly recommend.

All Quiet on the Western Front by Erich Maria Remarque

All Quiet on the Western Front is the story of one young man fresh out of school who is sent to the front line with his classmates and must survive the horrors of war. I have a deep interest in the First World War in particular and I've never read anything (not even a poem) that deals with war in such a way as this.
