

## [AN R COMPANION TO APPLIED REGRESSION](#)

## RELATED BOOK :

### **An R Companion to Applied Regression Amazon de John Fox**

As an experienced R user, I enjoyed the book more than I expected: it taught me some very useful things about diagnostic tools, and demonstrated the "car" [companion to applied regression] package in a convincing way.

I've known about car for years, but hadn't used it much; now I expect to use it regularly, especially for plotting.
