Best Eating Disorder Books 376 books Goodreads

For me it was nice to find a book that wasn't 50% BS, or some 'cute' little story about a teenager who doesn't eat for a week and miraculously gets better after she faints and goes to the hospital for a month, or a book that lies about the experience and skips all the horrible parts. It's the first ED book I've read that's been raw and honest and real about the hell that is an eating disorder. I personally think books like this are very important.
