Best Anatomy Books for Artists Some of my favourites

I occasionally get readers asking me to recommend anatomy books to them. I guess the reason is because some readers aren't aware that there's actually a list of anatomy books reviewed on my blog, or that list is just too long and they want a quick and simple guide for helping them choose the correct book.

The Book Masters of Anatomy

The Book Andrew Loomis created the Ideal Male and Female references over 70 years ago and since then generations of artists have used them to understand the complex proportions of human anatomy. But while the art world has evolved dramatically, these classic references have remained unchanged.
