Bacon Popcorn Recipe Allrecipes com

Measure the bacon grease into a 6 quart pot and place over high heat. Add one or two popcorn kernels as testers. When the test kernels pop, add the rest of the popcorn and cover with a lid. As the popcorn starts to pop, shake the pan back and forth constantly to keep the unpopped kernels on the bottom where they can pop. When the popping slows down, remove the pan from the heat and let it finish popping.
