Bears in the Night by Stan Berenstain Goodreads

For the record, I am NOT a Berenstain Bears fan. BUT this book and Inside, Outside, Upside Down are two of our favorite bedtime stories. ESPECIALLY Bears in the Night. I guess it's because the text is so easy even the smallest child can memorize it and "read" along with you. And, there is no storyline about an idiot dad.

This book and the Dr. Seuss classic, Go Dogs, Go!, are my two most highly recommended books that all toddlers should have read to them, and later try to read by themselves. There are several similar books with a title like Bears in the Night by the Berenstains. This edition is my personal favorite.

Bears in the Night Berenstain Bears Series by Stan

It was about a family of bears, who later became known as the "Berenstain Bears." Stan and Jan planned all of their books together. They both wrote the stories and created the pictures. They continued to live outside of Philadelphia in the country. There are now over 300 Berenstain Bears books.
