Beatrix Potter's Letters to Children The Path to Her Books

Twenty-something Beatrix Potter (1866 1943) was conflicted. She had two consuming interests at the time: art and the study of fungi. With the exception of letter writing and a journal which she started in 1881 in elaborate code, by the way becoming a woman of letters was nowhere in sight.

Beatrix Potter's Letters Amazon de Judy Taylor

Beatrix Potter is one of the world's best-loved children's authors of all time. From her first book, *The Tale of Peter Rabbit* (1902) she went on to create a series of stories based around animal characters including Mrs Tiggly-winkle, Mr Jeremy Fisher and Tom Kitten. Her humorous, lively tales and beautiful illustrations have become a natural part of childhood. A source of inspiration was the Lake District where she lived for the last thirty years of her life as a farmer and conservationist.
