Alas, I did not learn something essential or scholarly in any way by reading Birds of Prey. I might not have helped me understand history or comprehend anything fundamental to my life, but I would say that reading Birds of Prey was fun and allowed me hours of enjoyable and dashing adventure within Wilbur Smith's well written story.

**Birds of Prey Vol 1 by Chuck Dixon Goodreads**

While I'm a huge fan of the 2002 TV series "Birds of Prey," (I should rewatch that again and probably post about it later), I had never read any of the comics before going into it. This volume is not the start of the "official" first Birds of Prey run, but of the one-shot issues by Chuck Dixon leading up to it.
