Amazon de Kundenrezensionen Biting the Moon

Biting the Moon is her podium for animal rights. I am a lover and owner of animals, too. I deplore bad treatment of animals. However, I do not want to pick up a Martha Grimes' book and find I am reading an essay on animal rights. If she wants to campaign, she needs to do it elsewhere. This book was very simplistic. There was no depth of plot, and the action was not believable. She certainly made her point about how she felt about animals.

Biting the Moon eBook von Joan Frank 9781626080386

It's been years since the woman in "Biting the Moon" has seen her former lover Felix, a famous, Oscar-winning composer. But upon hearing the news of his sudden death, she mourns his loss by revisiting moments of their former life. Jumping in time from the pair s first encounter at an artists colony to their rendezvous in cities across the US, the path the narrator takes toward acceptance is much like the jazz the couple loved so much: winding, unexpected, and beautiful.
