

CARIBBEAN MICHENER

RELATED BOOK :

Caribbean by James A Michener

Michener once again proves he is a master of mixing well-researched historical information with a strong fictional story line. Each prominent Caribbean location is covered in its' own chapter; seamlessly weaving historical fact, prominent personalities, and generations of fictional families together.

Caribbean Amazon de James A Michener Fremdsprachige B cher

Michener's main point in this novel is that life in the Caribbean is mostly driven by base human instincts, the beast in all of us, rather than the spiritual side, the best in us. When James Michener's Caribbean originally came out, the reviews frightened me off by describing the book as being long, disjointed, very bloody, and overwhelming in its size and complexity.

Caribbean by James A Michener Paperback Barnes Noble

Caribbean is not Michener's best book, but it isn't his worst. If you are looking for a travelogue for someplace you are headed, his books make great reading. His sense of place in this book is great. You understand not just the Caribbean as an area, but you get to know it through time as well as place.
