Changes That Heal Four Practical Steps to a Happier

'Changes that Heal' also helped me see how adult relationships are intended to work and how feeling 'one up' or 'one down' to other adults (including parents and adult children) affects our relationships. It helped me understand the stages children go through and appreciate why teen years can be very difficult and their striving for independence. Dr Cloud also discusses in each section what happens when things go wrong, giving real examples of people affected and how they got better.

Changes That Heal Group DVD Study Growth Skills

Changes That Heal, addresses the developmental steps that affect every area of life. It is essential to understand the ingredients of growth and the four areas mentioned: bonding, separating, accepting good and bad, and adulthood. God designed people to grow in a specific way, but a number of circumstances can interfere in that process. Applying these biblical principles will help you finish your development and live life victoriously.

Changes That Heal Audiobook by Henry Cloud Audible com

Changes that Heal The content of the book was very good. However, the reader's style was awkward and his cadence seemed unnatural which served to distract me from the listening. There were several misreads in the second half of the book and that was very distracting. The editing process somehow was missed and made the audio less than desirable.
