No Child of Mine The No Child of Mine Trilogy Book 1

In Alex's background, her own horrific issues reveal themselves throughout No Child of Mine, and as she struggles with those and with her increasing empathy and compassion for a three-year-old child named Otilie, with whom she feels a special connection, it is very clear that this is not going to be a simple case to solve. But Alex persists. And just when she is moving toward that conclusion, something happens and Alex is reunited with the birth mother she hasn't seen since age three.

The story centers around a young girl who lives with her adopted uncle. Natalie is a sweet child and Jack is a great and kind uncle but there just seems to be something missing in both of their lives.
