### **Cold Tangerines Celebrating the Extraordinary Nature of**

"Cold Tangerines" is a collection of little "gems" from Shauna Niequist's life; actually, it read more like a blog than a novel. I appreciate that she was able to focus each story around a very specific event from her past and provide the reader with take-away lessons. Likely because I had a very ordinary adolescence (feelings of awkwardness, doubting myself and whether or not anyone liked me, found fault with my body, etc.), it was easy to resonate with many of these stories.
