

COMMON SENSE THE BOOK

RELATED BOOK :

Common Sense pamphlet Wikipedia

Common Sense sold almost 100,000 copies in 1776, and according to Paine, 120,000 copies were sold in the first three months. One biographer estimates that 500,000 copies sold in the first year (in both America and Europe predominantly France and Britain), and another writes that Paine's pamphlet went through twenty-five published editions in the first year alone.

Common sense Wikipedia

Common sense is sound practical judgment concerning everyday matters, or a basic ability to perceive, understand, and judge that is shared by ("common to") nearly all people. The first type of common sense, good sense, can be described as "the knack for seeing things as they are, and doing things as they ought to be done."

Common Sense Chump Change Edition Thomas Paine

Thomas Paine's arguments to break from the King of England were based on common sense. These were presented in a pamphlet that was read by a majority of the adult colonists. His logical reasoning was considered the gold standard of reasons for breaking from Great Britain when we did. A must reading if only to understand history from an author of the day instead of from our ivory towers of today.
