RELATED BOOK :

Containers and Pots for Growing Vegetables The Spruce

If we had to pick one container for growing vegetables, it would be an Earthbox. These large, self-watering boxes, are extremely water-efficient, fertilizer efficient and easy to use. We have found that the manufacturer's claim, that an Earthbox can provide double the harvest compared to growing vegetables conventionally, is credible.

A beginner's guide to growing vegetables in containers

Choose the vegetable to grow in container. Most vegetables are seasonal. Growing an out of season vegetable in a container is not a good idea because, the climatic conditions are not suited for the plant to grow and produce. So always choose a vegetable which can be grown in the season that you are planting your seeds in.
