Amazon com Content Management Bible 2nd Edition

First, he delves into a very thorough discussion about the more 'philosophical' topics of content (what it is, what is data, what is metadata, etc.) and content management at large. If you haven't gotten your feet wet with a CMS project before, the first 10 chapters (175 pages) will get you soaked with the type of dilemmas you are bound to face when you work on a CMS.

The Content Management Bible CIDM

A Bible this ain't. But if your organization is headed into a content-management system or if you are joining a firm that already uses a content-management system, you should browse through this heavy volume, bending down pages for revisiting, and absorbing his broad vision. In this way, although Boiko is no Moses, he may turn out to be a generous if eccentric mentor.
