Death du Jour Temperance Brennan 2 by Kathy Reichs

I picked up Death Du Jour, the second in the series as sometime long ago I read the first, Deja Dead. I don't quite remember the whole of that story but knew that I wanted to delve more into the life of fictional forensic anthropologist Tempe. I was excited in 2005 when Fox aired the pilot of Bones.

Reichs does an outstanding job with accurate details. We are very familiar with the area in Quebec in which part of this story is set, and she is on the money with everything. The contrast of half the book being set in Quebec and half being in the Carolinas, with the murders being linked, yet so far away, keeps you on your toes.
