Designing Interfaces by Jenifer Tidwell 2011 01 09

Strong introduction to web design UI patterns. I've been "in the business" for nearly a decade and was hoping the text would be more advanced than it is. Tidwell approaches the content with a well-thought out structure which I appreciate.

Designing Interfaces Patterns for Effective Interaction

Designing Interfaces is one of the few books every designer should have and read, note: get the print version, this book will not translate well to ebook. It does a great job laying out the common patterns of software design and establishing a common nomenclature for referring to each one.
