Disney Modern Me Reader Electronic Reader and 8 book

I absolutely love the concept of these books with the reader! I fell like the reader is nice but I wish they made the quality of the books a little better. My kids aren't that rough on books but several of the books are falling apart. The binding is not very strong so just with regular use the binding starts getting loose and pages have started to fall out. The stories themselves are a very simplified version of the movie or episode (for the Mickey's clubhouse one).
