Dominion s End Novel Updates

I seriously love this novel. The MC transmigrated to the body of a Bishounen, with a very cute little sister and a Godly/Mighty older brother (Yup, his older brother is described that way in the novel). And yes, I agree and disagree with the other reviewers. I don't see how the MC is unlikable too.

Dominion Sansom novel Wikipedia

Dominion is a 2012 alternate history novel by British author C. J. Sansom. It is a political thriller set in the early 1950s against the backdrop of a Britain that has become a satellite state of Nazi Germany. The point of divergence from actual history is that Lord Halifax, rather than Winston Churchill, succeeded Neville Chamberlain as Prime Minister in May 1940.

Dominion by C J Sansom Goodreads Share book

I like that his novels are slow burners, that you take time to get to know the characters and become immersed in the plot. But despite being long, the novel is always a page turner and I'm always slightly despondent when it ends as I know that it'll be another couple of years before another one comes out.
