Book review Lawrence Block's Eight Million Ways to Die

Eight Million Ways to Die is an excellent novel, and you don't have to worry that you're coming into it in the middle of a series. As a standalone, it's an excellent examination of an alcoholic detective's life. As part of a series, it's a turning point. Either way, you'll lose yourself in the past as 1983 rears its ugly head again. Scudder is a great character, and this is a great book.

8 Million Ways to Die Wikipedia

8 Million Ways to Die is a 1986 American crime action thriller film directed by Hal Ashby and starring Jeff Bridges, Rosanna Arquette, and, in a leading role for the first time, Andy Garcia. It was Ashby's final film, and the first attempt to adapt the Matthew Scudder detective stories of Lawrence Block for the screen.
