Encyclopedia Brown Finds the Clues Book 3 Book Review

A review for the third Encyclopedia Brown book, titled "Encyclopedia Brown Finds the Clues". My score for this book is a 7.5 out of 10. I took away a point for the mystery that claims a gold bar weighs 300 pounds (more like 30) and the solution that says a person who saw the crime scene couldn't know what happened, because he didn't see it.
