

[EYE OF THE NEEDLE BOOK REVIEW](#)

RELATED BOOK :

Eye of the Needle by Ken Follett Goodreads

Eye of the Needle, a sharply-written WWII era thriller, is miles away in style and length from the mammoth, medieval epics Follett would later create. Though not a mindbendingly difficult read, the quality of the writing was already present at this early stage. Extra kudos must be given to any author who can switch gears and dabble in different genres. Working outside your comfortable corner can not be the easiest thing to do.

Amazon com Eye of the Needle 9780380733354 Ken Follett

The Eye of the Needle was the second book of Mr Follette's I had the pleasure of reading. I'm very happy that I happened upon his writing as I am captivated with his work. His grasp of everyday relationships, sometimes set in historical settings, steeped in suspense with dicy intimacy woven in keeps me on the edge and looking forward to seeing what happens next. I am currently reading "Fall of

Book Review Eye of the Needle Ken Follett

The book is set in the period of the Second World War prior to the Allied offensive at Normandy. All attempts were being made to convince the German forces that the Allied offensive would strike at the site of Calais rather than Normandy so that when the ploy was exposed, the movement of the German forces would be blocked by the Seine river.

Eye of the Needle Review AnotherBookReview

Eye of the Needle by Ken Follett is my introduction to the popular British author. Having been recommended to read The Pillars of the Earth due to my interest in suddenly wanting to read a book on political intrigue, I thought I'd start off with one of his less ambitious books.

Ken Follett Bibliography Eye of the Needle

Even before I finished it, I knew Eye of the Needle was much better than anything I had done before. My ex-wife remembers me sitting at the typewriter saying, this is absolutely terrific. My agent, Al Zuckerman, also realised how good it was. After years of telling me my books weren't good enough to sell on the American market, he said, this is going to be a huge international best seller and you are going to have tax problems. He was right.
