

FORENSIC WRITING

RELATED BOOK :

How to Write a Forensic Report Legalbeagle com

A forensic report simply and succinctly summarizes the substantive evidence in a criminal case. Forensic report writing may prove difficult and daunting because it usually demands analysis of technical data, presented in a readable, easy-to-follow format. Nevertheless, a forensic report essentially follows the same basic standards and protocols required of any report.

Principles of Forensic Report Writing apa org

Principles of Forensic Report Writing explores the psychology of report writing, including the motivations of readers and writers, communicative and performative concerns, and the cognitive science that applies to the process. The book addresses foundational principles rather than mechanics and how these feed back to the assessment process. Emphasis is placed throughout on the problem of applying general research, nomothetic tests, and generally useful actuarials to specific cases.
