Frozen The Junior Novelization by Sarah Nathan

I was very excited to see there was a Frozen chapter book that I could use at school. At the preschool I work at, I read chapter books before rest time with my class. And currently, my whole class is obsessed with Frozen (who isn't?), so when I saw this book in the Scholastic catalog, I ordered it right away.

Frozen The Junior Novelization Disney Frozen by RH

Another junior novelization I'd owned was Brave in 2012 (also by Disney) so it's probably from the makers of this book, but just like how the Frozen movie is the most recent movie I've seen, this book is the most recent one I've read, well at least until Pokemon makes a strategy guide for Omega Ruby and Alpha Sapphire so I'll end my Summer Reading program now before things get out of hand. Date of Origin: June 21, 2014 (one day after the last customer review).

Amazon com Customer reviews Frozen The Junior Novelization

This is a must have for any Frozen lover that knows how to read. My daughter is in 1st grade and she is able to read this book. The words aren't too difficult, but I wouldn't recommend for a child just learning to read they really need to have a had a few chapter books under their belt.
