Fundamentals of Biochemistry Amazon de Donald Voet

The book is on the level of the other main biochemistry textbooks (Stryer & Lehninger), but has the wonderful images and diagrams for which V&V (via artist Irving Geis) are famous! The interactive CD is very informative and useful as well. I have switched my classes to this text, as have about half of the liberal arts colleges in the midwest area (noted at the last MACTLAC conference, where the text, although new, was already tied with Stryer as the textbook of choice).
