These books are so fun for early readers. My son at 7 wanted to read all of these as they came out. There are a fair amount of pictures but feels like a chapter book. There is lots of comedy in this series. Geronimo Stilton always has a quest that he has to help save his family of mice. Very cute stories. Highly recommend.

The Dragon Prophecy by Geronimo Stilton Goodreads

The book The Dragon Prophecy is full of adventure. The writing was beautiful. The strength about the book is that the main character was brave enough to go save and find a lost dragon egg. The weakness about the book is that the main character would always be scared of heights. I would recommend this book to a classmate because I bet that would like a book is full of adventure and that saves a lost dragon egg. If there was more series about the book I would like to read it.
