### **Gods Like Us On Movie Stardom and Modern Fame by Ty Burr**

Ty Burr's love of movies, and movie history, comes through in every word of Gods Like Us. He looks at the cult of celebrity from the earliest days of motion pictures, and the changing ways in which we ordinary folks relate to the famous. His writing is at times wry, snarky, or thoughtful, depending on the subject matter, and it's an enlightening journey. I stayed up way too late reading this one, because one story led to another.
