HEAD FIRST JAVA BY KATHY SIERRA

RELATED BOOK :

Head First Java Amazon de Kathy Sierra Bert Bates
Head First Java combines puzzles, strong visuals, mysteries, and soul-searching interviews with famous Java objects to engage you in many different ways. It's fast, it's fun, and it's effective. And, despite its playful appearance, Head First Java is serious stuff: a complete introduction to object-oriented programming and Java.

Head First Java by Kathy Sierra Goodreads
This is the first Head First book I have read, and I must say it was interesting. I like the approach of this series, as opposed to say the For Dummies series. Nobody likes being called a dummy in the first place but the real problem is they are all too dense. Before picking this up I tried reading Thinking in Java, a classic Java reference.
