### **How does the Fast Diet work How many calories per day**

If we were to distill the Fast Diet into a single sound-bite, it would all come down to 5:2. That s five days of normal eating, with little thought to calorie control and a slice of pie for pudding if that s what you want. Then, on the other two days, you reduce your calorie intake to 500 calories for women and 600 calories for men.
