This book is the ultimate guide as to how to be like Archer; it's not another episode converted into paper form in an effort to make Archer millions of dollars (though he does admit that the book is an effort to make said millions of dollars).

How to Archer The Ultimate Guide to Espionage and Style

How to Archer: The Ultimate Guide to Espionage and Style and Women and Also Cocktails Ever Written by Sterling Archer is a standalone book designed for someone other than me. I was expecting a comedic James Bond book but what I got was some narcissistic drivel. I'm obviously not the target audience for this book. There's a part in the book where Archer explains that if you're a woman reading the book, than its because you want to bed him. So, yeah, I guess that says it all.
