I figured since she was staying with her grandma and grandpa this book along with How to Babysit a Grandma would be perfect. I was right! She absolutely loves both this book and How to Babysit a Grandma. She doesn't care that the character in the book is a boy, (we also don't dwell on gender specific toys though). She has already started talking about what her and Papa are going to do when she babysits him later this month. It's a really cute story and I'm really happy I purchased this book.
