### **How to build your own Arcade Machine Todd Moore**

Joel it is not illegal.. to put a coin slot to make money. Because you can't really own an arcade game. It is not the same as buying an actual console game. Whether you buy the actual arcade or make an arcade is the same thing. What would be actually illegal is if you were copying the arcade software and selling it. Not buying or building to sell. I actually make the arcade to and sell them. I've never had any problems.

### **How to Build an Arcade Machine 9 Steps with Pictures**

An arcade machine without any electronic parts in it yet is referred to as a cabinet. Sketch out the design of one side of your arcade machine on one of the sheets of Plywood. Follow your blueprint (and/or sketch) carefully to ensure that when cut, each piece of the machine fits well with the others. Below you'll see what I started off with: a blueprint and a sketch on the wood.
