How to Make a Cake Better Homes Gardens

Lift the pan off the cake, being careful not to tear the edges of the cake. If you used waxed or parchment paper, gently peel the paper off the cake. Allow the cake to cool completely (about 1 hour). This is a key step when you make a cake, because it helps the cake firm up, making it less likely to break or tear as you frost it. It also prevents the frosting from melting as you spread it.
