substantially, and the stock market and economy will be much higher. You can't do a lot about the first two, but you can benefit materially from the last one if you learn how to save and invest properly. Don't be thrown off by the swarm of gloom and doomers. In the long run, they have seldom made anyone any money or provided any real happiness.

### **How to Make Money in Stocks A Winning System in Good**

This book is a great read for the first few hundred pages in order to develop accurate interpretations of market trends. It does into detail about the CANSLIM criteria for picking winning stocks as well. There is a really strong bias for the government and politicians which overrides the purpose behind some of the chapters.
