### **3 Ways to Make a Skirt wikiHow**

If you want to make a circle skirt, take a measurement in inches at the widest part of your hips, then add 2 inches and divide this number by 6.28 to get the radius of your circle. Create a paper pattern by drawing a quarter of a circle with that radius, then draw another circle with a radius that is the desired length of your skirt. Fold your fabric in half, then half again, and cut it out in

### **How to Make Your Own Sewing Patterns wikiHow**

To make your own sewing patterns, trace a garment you want to copy on a sheet of pattern paper, keeping it flat and still to ensure accurate measurements. Make sure to trace separate patterns for each section of the garment, such as the front piece, back piece, front sleeves and back sleeves. Next, trace a second line inch out from the edge of your patterns. Cut out your sewing patterns by cutting along the outer line of each pattern.
