What is an Android Tablet How Android Tablets Work

Tablets running on Android 3.0 will have features and options you won't find on older tablets. A device is really only as good as the applications it can run. Android owners may not have access to the sheer number of apps available to iOS owners -- at the time of this writing, the Apple App Store boasts more than 90,000 apps for the iPad and over 400,000 for iOS in general [source: Apple].
