### **Innocent Blood The Order of the Sanguines series eBook**

I love most of James Rollins books, but I quickly grew tired of his Sigma series stories using the same characters etc. Mr. Rollins' earlier material was SO much better than ANY of the Sigma series books.

### **Innocent Blood The Order of the Sanguines Series eBook**

James Rollins is one of my favorite authors. Yet after reading this and the first collaboration with Rebecca Cantrell, she too is in the top five. The dramatic twist on a group of priests who are everything that they seem not to be is a triumph of imagination.
