What Is a Children's Picture Book ThoughtCo

A picture book is a book, typically for children, in which the illustrations are as important as (or even more important than) the words in telling the story.

Children's Picture Books Bookshelf Project Gutenberg

Some picture books are also written with older children in mind, developing themes or topics that are appropriate for children even into early adolescence. The precursors of the modern picture book were illustrated books of poems and short stories produced by English illustrators Randolph Caldecott , Walter Crane , and Kate Greenaway in the latter years of the nineteenth century.

Learning English through picture books LearnEnglish Kids

Many children are already used to decoding stories and information from television or film in their home language, while others may have already enjoyed the interaction of sharing a picture book. Most children, if guided by a parent, soon work out how to transfer their individual decoding skills to get meaning from picture books in English.

Picture Storybooks National Kaohsiung First University

Picture books for older readers are generally more sophisticated, abstract, or complex in themes, stories, and illustrations. They are suitable for children aged 8 and older. This type of picture books began to appear in the 1970s, perhaps in response to our increasingly visual modes of communication.
