

LEASE FINANCING COMPANIES

RELATED BOOK :

Finance lease Wikipedia

A finance lease (also known as a capital lease or a sales lease) is a type of lease in which a finance company is typically the legal owner of the asset for the duration of the lease, while the lessee not only has operating control over the asset, but also has a substantial share of the economic risks and returns from the change in the valuation of the underlying asset.

Capital Lease Definition Investopedia

The capital lease requires a renter to book assets and liabilities associated with the lease if the rental contract meets specific requirements. In essence, a capital lease is considered a purchase of an asset, while an operating lease is handled as a true lease under generally accepted accounting principles (GAAP).
