

LEMONADE CRIME

RELATED BOOK :

The Lemonade Crime The Lemonade War 2 by Jacqueline Davies

Like the first, The Lemonade Crime starts every chapter off with a definition-in this case, one pertaining to the different aspects of court proceedings, as the students of 4-O attempt to figure out who stole the lemonade stand money that goes missing at the end of the first book. Sadly, I didn't really enjoy this second installment.

The Lemonade Crime The Classroom Bookshelf

The Lemonade Crime lends itself well to classroom read alouds, guided reading, and independent reading, as well as activities and discussions about the trial process. Perhaps most compelling and worthy of discussion, though, is the layered and subtle way in which Davies treats issues of motive, justice, and restitution. Share this book with your students, and watch how instantly it will rivet them.
