Making Natural Liquid Soaps Herbal Shower Gels

While this book is considered "the bible" on liquid soap making, and does contain some essential information to understanding the process, it has its drawbacks. The way it is organized is maddening. You have to flip back and forth between different sections to figure out how to neutralize your soap, or how much you should dilute it.

Make Basic Liquid Soap With This Recipe

A major difference between making liquid soap and bar soap is that that it is a "hot process" soap. Instead of relying on the heat generated by the saponification process, heat is added using a double boiler, oven, or crockpot.
