### **Man Eaters of Kumaon By Jim Corbett eBook**

Man Eaters of Kumaon is the best known of Corbett's books, one which offers ten fascinating and spine-tingling tales of pursuing and shooting tigers in the Indian Himalayas during the early years of this century. The stories also offer first-hand information about the exotic flora, fauna, and village life in this obscure and treacherous region of India, making it as interesting a travelogue as it is a compelling look at a bygone era of big-game hunting.

### **Man Eaters of Kumaon by Jim Corbett Goodreads**

Man Eaters of Kumaon, if seen only as a literary work, is brilliant. And that is where I want to focus the review on. This is not the right forum to get into the whole debate about the ethics concerning 'Big Game Hunting'. The

book is engaging though you sometimes get a feeling that you are reading the same story all over again with minor changes.
