The Jazz Theory Book Mark Levine Google Books

I have read other Jazz theory books - and most of them read like a darned math textbook. Not this one. You can actually sit down at the piano and figure stuff out in a way that it will stick with you. I spent 45 years of my life trying to learn improvisation. It was not until I read this book that the real magic began to happen and for the first time in my life I can actually consider myself a real musician.
