On Food and Cooking The Science And Lore Of The Kitchen

"Harold McGee changed our lives with his original On Food and Cooking. While we knew that many things in cooking worked or didn't work, McGee showed us why. This new edition is the most complete book on food that I have ever seen, and it is easy to read-an inconceivable amount of information made incredibly accessible.

On Food and Cooking The Science and Lore of the Kitchen

On Food and Cooking is one of those few books that I can drop on a table, let it fall open to any page, and read for the next hour. As I said to someone once: you may not cook, but you probably eat. If so, this book should keep you entranced.
