A Nation Forsaken EMP The Escalating Threat of an

To date, still nothing has been done to protect the nation. Michael Maloof breaks down that threat in his book A Nation Forsaken. He even outlines how our own military is similarly vulnerable to an EMP event due to its 99 percent dependency on the nation's electrical grid system for electricity and communications, raising the high prospect that it may not be able to function to defend the nation in its time of greatest need.
