How to Reverse Infertility Get Pregnant Naturally

And while this has never been an issue for me, the CDC finds that about 10 percent of women (6.1 million) in the U.S. ages 15-44 struggle to get pregnant or stay pregnant. The reasons are many (and we don't know all of them yet), but what we do know is that it takes a large personal and financial toll on those it affects.

Home Remedies For Getting Pregnant BabyMed com

The #1 supplement among home remedies for getting pregnant is folic acid. Increase your intake of folic acid, iron and calcium by taking supplements. At least 600 mcg folic acid a day is recommended and start taking it at least 1-2 months before conception. Folic acid decreases fetal malformations and improves your chances having a healthy pregnancy.
