Neuro Linguistic Programming Richard Bandler

Neuro-Linguistic Programming was specifically created in order to allow us to do magic by creating new ways of understanding how verbal and non-verbal communication affect the human brain. As such it presents us all with the opportunity to not only communicate better with others, but also learn how to gain more control over what we considered to be automatic functions of our own neurology.

NeuroLinguistic Programming How Does it Work

The basic premise of neurolinguistic programming (NLP) is that the words we use reflect an inner, subconscious perception of our problems; if these words and perceptions are inaccurate, as long as we continue to use them and to think of them, our underlying problem will persist. In other words, our attitudes are a self-fulfilling prophecy.
