Olivia and the Fairy Princesses Book Review

Parents need to know that Olivia and the Fairy Princesses is about Olivia the pig's desire for individuality. She tells her parents that she's having "an identity crisis" because she doesn't want to be a princess in pink like all the kids in her ballet class, at birthday parties, and on Halloween, so she explores other things she could be.

Olivia and the Fairy Princesses by Ian Falconer Goodreads

Olivia and the Fairy Princesses by Ian Falconer is his most recent publication in the Olivia book series. I didn't know this when I picked up the book to read. It was on display at the library and as a strong feminist I was wondering what the book might have to say to young girls. I loved the message.
