### **Olivia and the Fairy Princesses eBook Ian Falconer**

Her seventh full-fledged adventure, Olivia and the Fairy Princesses, is, to my taste, her best since her introduction 12 years ago. ( The New York Times Book Review, August 2012 ) The legions of young children (and parents) who have relished Ian Falconer's "Olivia" books are well aware that the redoubtable eponymous piglet has a distinct personality and a flamboyant sensibility all her own.

### **Olivia and the Fairy Princesses by Ian Falconer Goodreads**

Olivia and the Fairy Princesses by Ian Falconer is his most recent publication in the Olivia book series. I didn't know this when I picked up the book to read. It was on display at the library and as a strong feminist I was wondering what the book might have to say to young girls.

### **Olivia and the Fairy Princesses Book Review**

Parents need to know that Olivia and the Fairy Princesses is about Olivia the pig's desire for individuality. She tells her parents that she's having "an identity crisis" because she doesn't want to be a princess in pink like all the kids in her ballet class, at birthday parties, and on Halloween, so she explores other things she could be. It's an offbeat, humorous look at a common feeling: wanting to be special. Great for reading aloud.
